[CES Sample Tracking 20141007.xlsx](#)

Gary,

Please see the attached updated tracking spreadsheet. Additionally, I have attached the following data:

SDG 55451 level 2 (TCLP WMU-123, OT-2, and S Tank 7)

SDG 55519 level 2 (Totals S Tank 2, S Tank 8, S Tank 5). Please recall, S Tank 5 had two phases, sludge and oil. The phases would not mix in the laboratory. Therefore, this sample had to be analyzed as two separate matrices.

SDG 55591 level 2 (TCLP N Tank 9&10 Comp, and OT4 & OT5 Comp)

SDG 55592 level 2 (Total N Tank 9&10 Comp, and OT4 & OT5 Comp) There was a slight delay with this set of data due to a sample that had to be re-run for PCBs.
